ACTIVITIES AND WORKSHOPS

Dear teachers and instructors:

With the arrival of summer, the Education and Visits Department has designed a program of activities to complement the summer break.

MuBoma is a unique museum, offering a distinctive perspective on the history and evolution of the firefighting profession within a 19th-century heritage building. Located in The city's historic district, yet on the banks of the Riquer River.

This year's educational program includes various options tailored to all grade levels,

designed to explore diverse cultural and natural aspects related to the world of fire, water, prevention, and teamwork, among other concepts. For this reason, guided tours will be complemented by different activities, some of which will take place outdoors, making use of the museum grounds. The goal is to turn every visit into a sensory experience and a fun learning opportunity.

We hope this initiative is of interest to you. Thank you for your attention, and best regards.

Sincerely,

Elena Méndez Tortosa

Education and Visits Coordinator at
MuBoma

HOURS

The Education Department's hours in July are:

- **Monday through Friday** from **10:00 to 14:00**.

PRICES

- **GUIDED TOUR ONLY / TOUR-WORKSHOP** €1.50 per student
- **Teachers and People with Disabilities** Free admission

CHILDREN

A NEW LANDSCAPE

The guided tour will conclude with an educational activity on forest fires through a craft project.

PRIMARY

MUSEUM OF TIME

We will conduct an activity in which we search for different items that we will arrange chronologically, helping us understand the guided tour that follows.

SECONDARY

MUBOMA NEWS

Everything we find in the museum has been used by firefighters, and as proof...the news stories that appear daily in the press. We will analyze the news and compare it with the exhibition.

GROUPS WITH FUNCTIONAL DIVERSITY

GUESS WHAT?

Surprise boxes contain items that must be identified using the sense of touch.

Registration required at least 7 days in advance:
