# DIDACTIC Summer 2023

## DIDACTIC SUMMER 2023: PROPOSAL OF WORKSHOPS AND ACTIVITIES

Dear teachers/monitors:

The MuBoma dresses for summer and with the arrival of the month of July come the special activities to get to know the museum in the most refreshing way. The MuBoma is the only museum in the Valencian Community dedicated to firefighters, the entire collection of historical pieces is located in an old 19th century factory located on the banks of the Riquer River.

This month of July we suggest you come to know the museum through the explanations of the guides that are complemented with different educational activities that turn your visit into a fun and learning experience about this important profession of firefighters, respect for the environment or the teamwork, among other concepts.

We hope that this proposal is interesting for you. Thanking you for your attention, receive a cordial greeting.

Sincerely,

**ELENA MÉNDEZ TORTOSA**

Coordinadora de Didáctica y Visitas del MuBoma  
C/ Alcassares 64 - 03801 Alcoi (Alacant)

WEBSITE

## WORKSHOPS AND GAMES

### NURSERY

#### Suddenly... the fire

Collaborative work to discover among all the positive uses that fire has in our lives, but also the dangerous situations that it sometimes entails.

### PRIMARY

#### Two faces

We will make simple puppets with the faces of fire and water, seeing their positive and negative aspects throughout the visit.

### SECONDARY

#### MuBoma News

Everything we find in the museum has been used by the firefighters and as evidence... the news that appears daily in the press. We will do an analysis of the news and compare it with the exhibition.

### GROUPS WITH FUNCTIONAL DIVERSITY

#### Guess, guess

Some surprise boxes contain inside some pieces that will have to be discovered through the sense of touch.

The educational activities will take place mainly in the museum's outdoor area.
